

SHOW YOUR SUPPORT FOR MAINE LOBSTERMEN

Let's face it - **no one comes to Maine to eat chicken!** (No offense to chicken!)

Every purchase or donation contributes to preserving the industry, bettering the lives of Maine lobstermen & their families, and helping us advocate for a strong lobster industry.

You can also join the Maine Lobstermen's Association & support our work all year as a **Lobster Lover** member!

The Maine Lobstermen's Association was founded in 1954 and is the oldest fishing industry association on the east coast. Representing our members, **we work to sustain both the industry and the resource.**

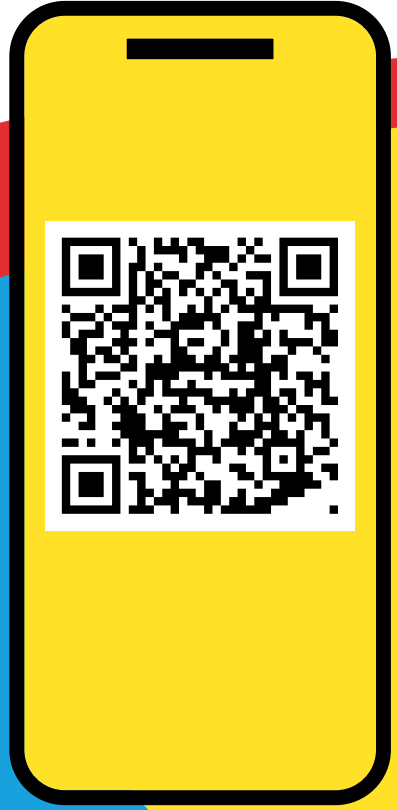

For 70 years, the MLA has provided a credible voice for the industry on important issues and is highly regarded by both the fishing industry and the management community.

SHOP GEAR THAT PROTECTS OUR WAY OF LIFE.

Afterall, what would Maine be without lobster?
